

Magnetic Label Holders

10mm - 80mm High

Features and Benefits

- Instant and highly visible identification
- Easy to update and relocate
- Suitable for use in cold temperatures
- Standard sizes supplied from stock

Our magnetic label holders are supplied from stock in pre-cut lengths but special sizes can be supplied on request. Each holder is supplied with white card inserts and a cover strip. Pre-printed inserts can also be supplied for each of the holders incorporating barcodes and locations codes. The magnetic fixing is ideal for applications where regular changes are required, easier and quicker to move than adhesive backed holders. They are also suitable for use in cold stores.

Material Specification

'C' Carrier

Isotropic Magnetic Extrusion (Matched Poles) Material Properties Flexible Magnetic Extrusion comprising of strontium ferrite in a synthetic rubber binder and magnetized multi-pole on one face.

Temperature range: -30°C to 55°C (above 50°C magnetic losses occur).

Flexibility: At 20°C the material can be wound around a 50mm diameter mandrel without cracking.

Card Insert

White 150 gsm pulp board. Virgin wood fibre bleached using Elemental Chlorine Free (ECF) process. The material can be disposed of by recycling.

PVC Insert

220 micron calendared, rigid PVC film. The film complies with the guideline 2002/72 EC ("Clearance Certificate for items used in contact with foodstuffs") as well as with 94/62 EC ("Packaging and Packaging waste").

Form of Supply The extrusion is supplied boxed in cut pieces. or in coils of up to 50 metres.
