

**Column Protectors**  
 Brandsafe<sup>®</sup> Impact Protection

**Side Profile**

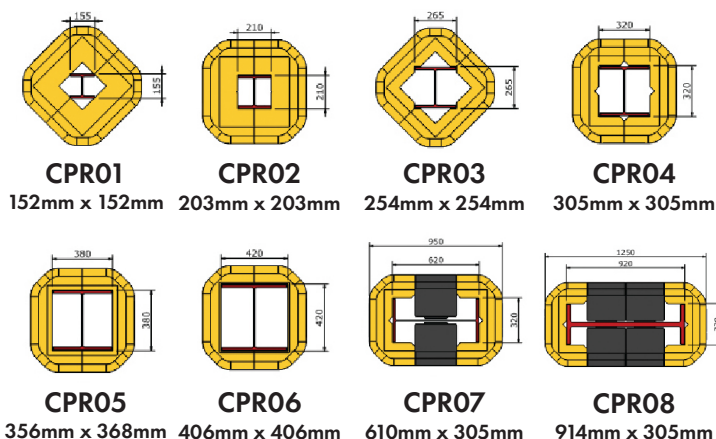

**Top Profile**

**Overall Dimensions**  
 Unless indicated - 650mm x 650mm x 1045mm high

**Features and Benefits**

- Attractively and robustly designed to protect structural columns and vehicles from damage
- The (air cushion) impact energy absorbing design, also reduces risk of operator injury
- Stackable design means columns can be easily recognised by HGV and MHE operators
- Clam shell design with a 'dimple and rib' feature, providing a 20mm tolerance on steel column dimensions
- A 'snug and robust fit', secured by 250kg rated ratchet action webbing straps
- Polyethylene mouldings will stand up to all weathers

**Material Specification**

Manufactured in the UK from medium density polyethylene

All weather temperature range of -40 to +90 degrees

1045mm high x 650 x 650mm OD

Secured by 2 No. 25mm wide ratchet straps - black

Designed & tested to withstand in excess of 2.5 tonne impacts at 7mph

Optional steel skirting for fork and pallet impact

<b>Material</b>	100% recyclable Polyethylene
<b>Recycling group</b>	PE/4
<b>Height</b>	1040mm
<b>Footprint</b>	650mm x 650mm
<b>Security</b>	2 no. 25mm wide ratchet straps
<b>Temperature range</b>	-40°C to 90°C
<b>Manufactured</b>	UK
<b>Colour</b>	Yellow & black - Caution/hazard
<b>Size options</b>	8 size options to suit columns 152mm x 152mm up to 914mm x 305mm
