

Product Data Sheet

Monarch Tray Lid

Monarch code ML001TRANS

	<p>Product Description: ML001TRANS- Monarch Tray Lid™ in Classic Translucent (0.22kg)</p>
	<p>Product Variations: No Variations</p>
	<p>Strong & Tough: Manufactured from 100% polypropylene our trays are virtually indestructible, shatterproof and will stand up to the rigors of daily use in any learning environment. Re-enforced side rib for extra strength and scooped out base to give extra strength and stability.</p>
	<p>Cleaning Instructions: Trays can be cleaned with a soft dry cloth</p>
	<p>Sustainability: Our tray manufacturing processes are incredibly efficient creating less than 1% wastage. Between 10 & 20% of the material used for each tray is recycled content, this level still allows us to ensure the structural integrity giving the tray its strength. Our trays are manufactured to last but when they do reach the end of their life, they can be 100% recycled and should not be sent to landfill.</p>
	<p>Delivery: Super-fast lead times – Trays are delivered by our team of friendly drivers on our own fleet of vehicles. On delivery our driver will carry out our Unwrap & Check Service – the trays will be unwrapped, and our driver will assist the end user to inspect the trays to make sure they are perfect and ready to use! The driver will then collect the packaging and return it to our factory for recycling</p>
	<p>Relevant BS EN Standards: All storage manufactured by Monarch Education Furniture is built to BS EN 16121:2013 Level 2 British Standard and EU equivalent in respect of strength, durability and stability. Independent testing certificates will be available for this product prior to the contract start date. Samples of all products are available for your assessment upon your request</p>
	<p>Warranty/ Guarantee: 5 years.</p>
